Space to grow. Time to discover.

In our welcoming homely nursery we look after up to 24 children from the ages of 10 months until approximately 3 years and 8 months (nursury begin) in two groups. Each child belongs to a core group with destinated key staff. With this partially open concept we can offer, at times, a wide range of activities.

What we offer

A variety of play and learning activities every day:

- Reading aloud, looking at picture books and telling stories together
- Music & creative activities using various materials
- Discovering nature and in- and outdoors experiments
- Role-play, building and exercise games in small groups
- Playful exploration of numbers and shapes
- Individual settling-in period
- Shared meals
- Year-round enrollment possible

We focus on the children's interests and needs and organise the daily routine flexibly.

Language-focused nursery (since 2017)

Language is part of our whole day. An additional specialist in language education supports our team, ensuring individualised language support integrated into daily life.

Structure & comfort

Routines provide comfort. Quiet spaces offer a place to retreat. A family-like environment in mixed-age groups enables mutual learning.
